

SPRING EDITION

Neighborhood Watch Update

Our neighborhood watch program is making an effort to become more active. A meeting was held to acquire more information on how we can be proactive in our efforts to create a safer neighborhood.

The first step is to get signatures from all the residents indicating their willingness to participate. At present we have about 50% of the residents. **For those of you who have not signed up, a notice will be placed on your door Thursday May 22. Please sign the notice and place it on your door for pick up on Saturday May 24.**

The next step is for everyone to become involved. If you see anything suspicious report it. If you have vandalism or small thefts of any kind call 911 or the Dekalb County non-emergency number with the date, time and exact location/address of the incident. Then call the neighborhood watch block captain so that the county Public Education Specialist can be contacted and follow up on the report.

Through efforts such as this the problems we were having on Craigie and thefts in the area have been addressed.

Annual Meeting and Barbecue

It is Spring again and time for a neighborhood get together for the Annual Meeting and Barbecue. There will be food, drink, music, and games.

Sunday June 29th at 4:30 in the lower cul-de-sac we will have our Annual Meeting. We will be electing 5 new members to the board of directors. If you want to be more active in your Association become a member of the board. Immediately following the meeting we will have a barbecue.

Help is needed in setting up. This is another way you can become involved in the neighborhood.

Toney Rucker will be heading up the organization of the barbecue. If you are willing to help contact him at bbq@ashwood30030.org Thanks to Toney for coordinating this event.

Lighting up the Entrance

The Association is in the first stage of bringing light to the entrance of the neighborhood. While the phone company was putting cabling under Ashwood Place we got a great deal on putting in the cabling for a long discussed lighting project. This was the biggest expense of the project. The cabling provides the foundation for lamps on the entrance posts and additional lighting in the landscaping.
